

Hi everyone,

Did you know you can raise money for Crew Boosters without spending an extra dime? We're using **RaiseRight**, a simple platform that turns your everyday purchases into donations for our team.

What's in it for you? 50% of all funds you raise go directly toward your family's account! You can use your earned credits to cover registration fees, food tent fees, fall & winter race fees, or OC Crew merch and swag.

How It Works

When you shop or buy gift cards through RaiseRight, participating brands donate a percentage of your purchase back to Crew Boosters.

Example 1: Double-Dipping with Gift Cards + Online Shopping

1. **Buy an e-Gift Card:** Suppose Old Navy is offering an 18% bonus back. You buy a \$100 e-gift card via RaiseRight. Old Navy donates \$18 directly to Crew Boosters. Your e-gift card appears instantly in your RaiseRight "Wallet."
2. **Shop Through the App:** Click through RaiseRight to Old Navy's website, add your items to the cart, and pay using your \$100 e-gift card. Because Old Navy gives 4% back on online purchases, Crew Boosters earns another \$4.
3. **The Result:** You raised **\$22** on a 100

purchase you were going to make anyway! (\$11 goes to the club, \$11 goes to your account credit).

Example 2: Direct Online Shopping

- Lululemon runs a 9% back promotion. You click through RaiseRight to their store and buy \$200 in merchandise. Crew Boosters earns **\$18**.

*Just two quick transactions raised **\$40** for the program!*

PLUS! You still log into retailers using your own personal accounts—meaning you keep earning all your store loyalty points, rewards, and sales perks on top of the money raised!

Four Ways to Earn

With over 1,000 national companies and local favorites associated with RaiseRight, you can raise funds across multiple categories:

- **Gift Cards:** Digital or physical cards for hundreds of brands.
- **Online Shopping:** Earn cash back when clicking through the app to retail sites.
- **Travel:** Hotels, car rentals, and vacation packages.
- **Local Dining & Groceries:** Earn back on regular grocery runs at places like **Acme, Target, and Walmart**, or when dining at local spots like **Blitz's Market, Tuckahoe Inn, PrimoHoagies, Playa Bowls, Juliano's, Greens and Grains, Ducktown Tavern**, and many more!

Payment Fees (Gift Cards Only)

To keep as much money going to the team and your personal balance as possible, here is how transaction fees break down when purchasing gift cards:

- **Linked Bank Account (ACH):** Flat **\$0.80 per order** (best value, regardless of order size!).
- **Debit Card:** 1% of the total gift card value.
- **Credit Card:** 3% of the total gift card value.

Every quarter, RaiseRight deposits our total earnings directly into the Crew Boosters account, and your personal credit balance will be updated accordingly. Thank you for supporting our rowers through your everyday spending!
